Department of Computer Engineering

Department of Computer Engineering Department of Computer Engineering Home Department of Computer Engineering Computer Engineering Department of Computer Engineering Started 1992 Intake 240 DTE Choice Code 510319110 Prof. Dr. Indrabhan Supdu Borse Head of Department Department of Computer Engineering is a growing Department with the undying efforts and potential of 25 Teaching and 5 Technical Staff members under the leadership of Porf. Dr. Hitendra D. Patil (Principal) and Prof. Dr. Indrabhan Supdu Borse (Head). The Department was established in the year 1992. It offers programmes on Bachelor Degree in Computer Engineering (B.Tech.) This programm is approved by AICTE and affiliated to Dr. Babasaheb Ambedkar Technological University, (DBATU) Lonere, with an intake of 240 in B.Tech. We focus in imparting the core science underlying the computing aspects, so that students cope easily with today’s modern and upgrading technologies. We also strive to bridge the theory- practice gap by applying continuous effort in teaching, learning and by periodically measuring the outcomes. The department inculcates technical, analytical and communication skills in students that would suffice for any job in the current challenging world. The Department provides suitable environment that enables students to follow their instincts of learning and doing innovative things. The style and method of imparting education to students make them self-capable for life-long learning and ready for diversified carriers in IT Industry, Education, Research, Management and Entrepreneurship. Vision : To be the center of excellence in computer engineering education and research contributing the global development Mission : To develop competent computer engineers with social awareness by imparting knowledge, skills and values. ×

Research in the Institute

Research in the Institute Research in the Institute Home Research in the Institute R & D Research in the Institute Dr. Deepak C. Sonawane Dean Research and Development Institute offers Ph. D. programs under its affiliating University, Kavayitri Bahinabai Chaudhari North Maharashtra University, Jalgaon, and Dr. Babasaheb Ambedkar Technological University (DBATU) Lonere, Dist. Raigad. Pragmatic Management of the Institute has taken proactive steps to promote faculties to various Universities for higher studies. The faculty not only acquired higher qualifications but also brought back along with them the culture of these premier organizations. SSVPS' Bapusaheb Shivajirao Deore College of Engineering, Dhule is rich in highly qualified faculty with more than 25% of the regular faculty being doctorates. The Institute has state of the art facilities like equipment and machinery for teaching as well as research / consultancy services. Faculty has contributed in laboratory development, through proposals to various funding agencies like AICTE and University. Academic Research Programs These relate to research work undertaken by individual faculty or specific research groups in each department running academic programmes leading to Ph.D. degree. Research is carried out by scholars admitted to the programmes of study by research under the guidance of the faculty in each department. An area of interest for each department is made known to the academic community through website. Topics of interest include the theoretical studies as well as experimental areas to utilize the facilities available in the different laboratories. Sponsored Research Organization at the national level sponsor specific programs of research by funding projects undertaken by the faculty. Project proposals are usually prepared by SSVPS faculty and forwarded to various organizations based on the nature of research and the interest shown by university and research bodies to fund new projects.Sponsored projects allow for new resources to be created in a department and often permit staff employed for the project to register for academic degrees in the institute.All Sponsored Research activities in the institute are coordinatedbySSVPSin association withKBCNMU,Jalgaon such as VCRMS- (Vice Chancellor Research Motivation Scheme), Rajiv Gandhi Science and Technology commission- Assistance for Research promotion under the scheme of Govt. of Maharashtra through KBCNMU, Jalgaon etc. For detail, research activities refer the departmental information. Engineering Mechanical Engineering Research Symposium The Research Symposium is a regular feature of our Ph. D program. The symposium will provide an informal setting for networking and will focus on research presentations by Ph.D. students. It will also provide a forum to learn about ongoing research at other institutions, identify areas for research collaboration and provide a collegial environment to advance research methodology. From AY 2019-20, as per the directives of University, It will be held twice in a year, Probably Second week of January and July of every academic year. Objectives of Research Symposium To provide the platform for research scholar to present the research work before experts. Research Scholar can present their six month research progress as well. Doctoral students are encouraged to present their research work to obtain feedback or guidelines from experts and senior faculties. Periodical review of the research work of the research scholars- report to be submitted to University. Explore, can research work lead to file a patent or convert to product? Activities

Activities Activities Home Activities Trump, Tariff and Trade Wars - A Talk Show The Mechanical Engineering department, along with the Management department, organized a talk show on "Trump Tariff and Trade War." The main goal was to explain how a trade war between big countries affects the engineering industry. The talk showed how taxes on imports (tariffs) can make raw materials and parts from other countries more expensive. This can slow down manufacturing, make products costlier, and force companies to find new suppliers. Students learned how global politics and economics directly impact their future jobs in engineering, from the cost of projects to the stability of the companies they might work for. The focul point and thus the objectives of the talk show were as follows: To explain what tariffs and trade wars are and why they start. To show how these global trade issues directly affect engineering companies and manufacturing jobs. To connect world politics and economics to the work of an engineer. To discuss the wider effects on society, the economy, and the environment. To encourage students to stay informed about world events that impact their future careers. The talk show was attended and graced by the presence of: Mr. Sachin Agarwal, Entrepreneur, Om Shree Agro Group. Mr. Rachendra Mundada, Chartered Accountant. Mr. Nilesh Bhandari The talk show helped the audience understand the direct link between global trade policies and the engineering industry, How tariffs increase material costs and disrupt manufacturing supply chains, Multi-disciplinary view from industry, finance, and media experts. Recognition of the partial vulnerability and overall resilience of the Indian economy. Role of engineers in nation-building and leveraging indigenous growth and thus helped to develop critical thinking to analyze real-world socio-economic events. ×

Activities

Activities Activities Home Activities District Level Project Presentation A two-day District Level Research Presentation Workshop and Competition for Dhule and Nandurbar districts was successfully organized on 18th and 19th January 2024. The event was jointly conducted by the Department of Student Development, Kavayitri Bahinabai Chaudhari North Maharashtra University (KBCNMU), Jalgaon, and Vidya Vardhini Sabha’s Dr. M. Y. Vaidya Arts, Dr. P. D. Dalal Commerce, and Dr. D. S. Shah Science College, Dhule. The workshop aimed to encourage students’ research aptitude, innovation, and technical presentation skills through a competitive and collaborative platform. It brought together talented young minds from various institutes across Dhule and Nandurbar districts. From Shree Shivaji Vidya Prasarak Sanstha’s Bapusaheb Shivajirao Deore College of Engineering, Dhule, a total of 19 students from the Mechanical Engineering Department actively participated in this research presentation competition. The team was guided and mentored by: Team Director: Prof. Dr. S. D. Suryawanshi Team Manager: Prof. A. T. Chaudhari The participating students presented their innovative project ideas and models demonstrating creativity, problem-solving skills, and engineering design knowledge. The projects covered a wide range of topics aligned with the current industrial and societal challenges. The two-day program witnessed enthusiastic participation from 335 students representing various colleges from Dhule and Nandurbar districts. The sessions included research paper presentations, poster displays, model demonstrations, and expert interactions with evaluators from academia and industry. The event provided an excellent opportunity for students to share their innovative research work, receive feedback from experts, and gain exposure to interdisciplinary domains of science and technology. It also encouraged collaborative learning and inspired participants to continue pursuing innovative research projects. Among the participating teams, our institute achieved a remarkable milestone when Mr. Pushparaj Sanjay Deore, a Second-Year Mechanical Engineering student, secured the First Rank in the competition. His project, titled “Retrofitted Electric Bike,” was highly appreciated by the judges for its innovation, sustainability approach, and practical implementation towards green mobility. This achievement highlights the technical excellence and creativity of our students under the guidance of our dedicated faculty members. The District Level Research Presentation Workshop and Competition proved to be a highly enriching experience for

all participants. It provided a valuable platform for showcasing innovative ideas, promoting research culture, and fostering academic collaboration among institutions. The management and faculty of Bapusaheb Shivajirao Deore College of Engineering, Dhule, express their appreciation to KBCNMU, Jalgaon and Vidya Vardhini Sabha’s Dr. M. Y. Vaidya College, Dhule, for organizing this event and providing students with an opportunity to present their work. Special congratulations are extended to Mr. Pushparaj Sanjay Deore for bringing laurels to the institute by achieving First Rank in the competition. The Mechanical Engineering Department continues to motivate and guide students to participate in similar research-oriented events in the future. ×

Gymkhana

Gymkhana Gymkhana Home Gymkhana Facilities Gymkhana Gymkhana department came into existence in the year 1983. SSVPS’s COE gymkhana is an ideal cultural and sporting assembly for the students. It is located at boys hostel campus upstairs of boys hostel mess for indoor games like Carom, Table-Tennis, Chess, Badminton etc. Volleyball and Basketball court are available next to the gymkhana. The objective of the gymkhana is to foster team spirit and sportsmanship of the players, also to develop sporting activities among the students and enhance their fitness level to be healthy for day to day activity in life. It aims to promote, organize and control intramural, intercollegiate, inter-zonal and such type tournaments of various games and sports as many be decided by the gymkhana sports committee hence it inculcate and enhance a sense of discipline in them. Students participate every year in various tournaments at different levels in Athletics, Basketball, Badminton, Chess, Football, Judo, Kho-Kho, Swimming, Table-Tennis, Taekwondo, Volleyball and Karate. We have secured winning or runner-up position in Football, Basketball, Chess and Table-Tennis over the years at various competetions and tournaments. Many players have been selected for Inter Group (Zonal) tournaments and to represent Inter University from time to time. Since past 5 years around 300 players have participated into intercollegiate tournaments, 45 players are selected for Inter Group tournaments and around 20 players are represented Inter University tournaments in various games and sports. Department of Civil Engineering

Department of Civil Engineering Department of Civil Engineering Home Department of Civil Engineering Civil Engineering Department of Civil Engineering Engineering Started 1983 Intake 60 DTE Choice Code 510319110 Dr. Jitendra Narayan Vyas Head of Department Our institute is one of the first and oldest private institutes in Maharashtra and the Department of Civil Engineering is one of the first few departments established in the year 1983, affiliated to North Maharashtra university (Currently DBATU) and recognized by AICTE. It offers Under Graduate program in Civil Engineering with an intake of 60 along with Post Graduate program (M. Tech) in Infrastructure Engineering & Management with the intake of 18. Civil Department has well Experienced Staff and well equipped laboratories with modern testing equipments (UTM and loading Frame). The department has got its own collection of books, reference material, projects and seminar reports, manuals in its departmental library. The Department believes in quality classroom education with through practical knowledge from well equipped laboratories and skill set programs. Surrounded by rural areas, we are well aware of socio economic needs of the area and hence our faculty are involved in various government and NGO projects such as Design of Water supply schemes, Water and soil conservation programs like DPAP, Hariyali, Jalyukta Shivar etc. The Department is the Consulting Hub of the area. The department has developed strong links with the building and construction industry and academic and research. We believe in nurturing the talent to stand in the furious competition. Our students are at not only at top rank positions in the government departments and various engineering firms but also successful entrepreneurs. We believe one can achieve it through good quality and value based education to the students. The department is committed to the advancement of the healthy academic culture and a symbiosis between the teachers and students. Vision : To become a landmark in civil engineering education, innovation, and consultancy. Mission : To develop civil engineers with ethical values to meet local and global needs for sustainable growth. ×

Sanstha got the permission to start College of Engineering in July 1983 vide letter No.10/TO/1083-35362 dated 08/07/1983 under the guidance of Hon. Dajisaheb Rohidasji Patil, then the Minister of Maharashtra state. The College is approved by AICTE, New Delhi and Accredited by NBA for 3 years and Institution of Engineers(India), an apex body of Engineers. With Completion of 30 Years of success in Engineering education and emerging demands in Industries in the era of Globalization the Institute launched Post Graduate program in Management and Engineering approved by AICTE and affiliated to North Maharashtra University, Jalgaon(M.S) ×

About Institute

About Institute About Institute Home About Institute About Us About Institute Name : Shri Shivaji Vidya Prasarak Sanstha's Bapusaheb Shivajirao Deore College of Engineering, Dhule. Principal : Prof. Dr. Hitendra D. Patil Address : P.B. No. 113, Vidyanagari, Deopur, Dhule - 424 005 (M.S.) Telephone No. : (02562) 272713, 272229, 272976, 284300 Fax No. : (02562) 273403, 272247 Principal Email : princi.ssvps@gmail.com Website : ssvpsengg.ac.in Name Of Affiliating University : Dr. Babasaheb Ambedkar Technological University, Lonere (DBATU) Address : Vidyavihar, Lonere, Dist- Raigad- 402103(M.S.) Fax No. : +91-02140 - 275040, 275142 Registrar E-mail : registrar@dbatu.ac.in, admin@dbatu.ac.in Vision A Premier Institute as a Dynamic Entity contributing in Human Resource development. Mission To develop Technocrats with Awareness of Socio-economic needs for Sustainable growth. Goals Performance – To be an eminent and distinguished institute by continuing excellence in technical education. Research -To inculcate the research attitude among the faculty and students to undertake projects of direct social benefits. Placements – To collaborate with eminent industries for developing industry ready and employable students by providing career counseling and diversified placement avenues. Social – To provide supportive platforms that enables the students for developing professional and entrepreneurial skills with social and environmental importance. Objectives To upgrade and maintain consistency in academic advancement by getting endorsed quality standards of the institute from recognized authorities. To develop and maintain conducive environment for research so as to encourage students and faculty members for undertaking research work. To organize various entrepreneurship development programmes and to enhance interaction with industry experts for upgradation of students and bridge the academic industry gap by making them industry ready. To improve employability skills amongst students by organizing professional training programmes for students. To encourage the students for undertaking technical projects for direct benefit to the society. Core Values Discipline : Institute focuses on certain framework to be followed in all the activities in academics to foster discipline among students Creativity : Application of imagination with original ideas to create something new as a contribution to academia Social Responsibility : Institute always cares about society as a major beneficiary in terms of technology, application and contribution Innovation : Creation of new concepts, ideas, products, application. Sustainability :

Institute cares about nature by making eco-friendly application of technology Programme Objective To Maintain High Standard Of Activities in Campus.Trying Out Explanatory Methods Of Teaching And Learning For Overall Personality Developement Of Students. Providing Opportunities For Pratice With Modern Laboratory Facilities. To Identify Technical Problems And Opportunities in the Region and to Co-relate them Curriculam Developement for Technology Implementation on the society.To Provide Appropriate Technology Soluions in Industry. To Incubate High Moral Values in the Faculty. ×

Department of Electronics & Telecommunication Engineering

Department of Electronics & Telecommunication Engineering Department of Electronics & Telecommunication Engineering Home Department of Electronics & Telecommunication Engineering Electronics & Telecommunication Engineering Department of Electronics & Telecommunication Engineering Started 1999 Intake 120 DTE Choice Code 510337210 Dr.Pravin Sahebrao Patil Head of Department Started the course in Electronics and Telecommunication in 1999 with the intake 60. The department is equipped with the state of the art experimental & computational facilities for undertaking various activities in fields like Embedded system, VLSI, Microwave, Satellite, Optical Fiber Communication. The department is having highly qualified, experienced and dedicated teaching and supporting staff. The department is committed to achieve excellence in teaching learning process. Recently the department has submitted the proposal Research Lab to North Maharashtra University. Vision : To inculcate globally in technical education and research in the field of Electronics and Telecommunication Engineering, contributing to thewelfare of society and environmental awareness for long-lasting and adaptive growth. Mission : To empower students by imparting quality education in Electronics and Communication Engineering for better employability and preparing them to be competent in dealing with industrial and societal challenges. ×

Activities

Activities Activities Home Activities Kho-Kho and Kabaddi It is an utmost proud moment for our college that in the recently held inter-university sports competition our student contingents performed with high spirits and in this qualifying event, secured their positions to perform in the next level of games scheduled to be held soon. The inter-university events were conducted under the Dr. Babsaheb Ambedkar Technical University, Lonar academic regime and the event was held at R C Patel Institute of Technology, Shirpur. Three teams from our institute were selected to perform at the sports event. Of the many number of participants that hailed from different universities, following students from our college performed exceptionally well: Manthan Sunil Devkate - FY NDC Vishal Devendrasingh Girase - FY Mechanical Engineering Tanvi Sharad Patil - FY E&TC Kamini Manohar Patil - FY Mechanical Engineering We whole-heartedly congratulate the participants and take deep pride in complimenting the entire sports contingent from our college for their achievements and wish them all the very best for their future performances. We also commend the good work and able guidance of our Coach and Sports in charge, Prof. Manoj Chaudhari for his un-quivering efforts towards keeping the students physically fit and motivated to participate and win in such events. ×

Principal’s Message

Principal’s Message Principal’s Message Home Principal’s Message About Us Principal's Message Prof. Dr. Hitendra D. Patil Principal The mission of our institute is to develope technocrats who adapt themselves to the ever- changing Industries requirements. Our alumni work is in a variety of professions such as successful entrepreneurs, industrialists, CEOs, professors, government officials. Discipline strategies imposed in our campus provide a positive environment conducive for student learning. The teaching and learning process is also enhanced by various teaching aids operated by our team of dedicated teachers who are focused to integrate the theoretical and practical knowledge of students. Although the technical demands of each of the engineering disciplines may differ an engineer irrespective of specialization must be equipped with the soft (non-technical) skills that are becoming increasingly valuable for career success. These are achieved by the comprehensive soft skills trainings conducted along with academics. I welcome you to be part of the SSVPS family that is contributing in education since 1908, change your world and shape a bright future! ×

Training & Placement Cell Activities

Training & Placement Cell Activities Training & Placement Cell Activities Home Training & Placement Cell Activities Training and Placement Training & Placement Cell Activities T&P organizes various training programs, workshops & Lectures in order to encourage the all round development of students by focusing on soft skills that help develop student as a team member, leader, and all round professional in long run. Aptitude Test : For Appearing any company's interview either in campus or off –campus aptitude test is the first stage. For competitive examinations also there is an aptitude test as a part of the examination. We provide a regressive training along with the practice session's to prepare the students for aptitude test. Mock Group Discussion (GD) : Most of the organizations conduct Group Discussion round in their recruitment process. For comfort & ease during such actual G.D, practice before hand is always important. Every month Mock G.D. is planned. Subject is usually displayed on the notice board. Latest topics, current issues, popular happenings are discussed in such Mock G.D's. Mock Interviews : For getting feel of actual interviews we schedule one slot every bi-weekly for Mock Interviews. Interested students take prior appointment, prepare for the interview and visit T & P office for such Mock Interviews. Many successful students who are placed through campus placement have credited their success to such Mock Interviews. Industrial Training : Students are suggested to go for vacation training in industries during summer & winter holidays. This training helps them to get feel of industrial scenario and to enrich their theoretical knowledge through practical experiences. T & P department helps in providing information about such vacation trainings. Counseling : Individual counseling is provided to students for employment potential in various industries / organizations including self employment, opportunity in defense services and scope of higher education within the country and abroad and apprenticeship scheme after their graduation. Skill Based Competitions Program : We are TCS accredited institute We provide the opportunity to the students for participating in skilled based competitions like in TCS Campus Commune , KPIT Sparkle where the students get to compete with all students from other engineering colleges throughout the country. It also provide a skilled based recruitment opportunity for the deserving students ×

About Training & Placement Cell

About Training & Placement Cell About Training & Placement Cell Home About Training & Placement Cell Training and Placement About Training & Placement Cell Welcome to the Training & Placement cell of SSVPS's Bapusaheb Shivajirao Deore College of Engineering, Dhule the right place for the students to convert their abilities into success with ethics. At SSVPS we always believe in equipping our students with the right talent and personality to face the industry requirements. Our focus on placement centers on creating new approaches to attract the best from the industry to our campus. College management has always given special emphasis on training & placements activities. Training and Placement Cell plays a vital role and has become a key department of the Institute. As there are more Engineering Colleges coming up, the competition for employment is increasing every day and the job placement is becoming a challenging one. We groom our students in their chosen discipline and also broaden their mindset, make them think positively and impart correct English spoken and soft skills thus equipping them with all qualities to make them a valuable asset in whichever organization that they might join in the future. We believe that the success achieved with ethics is important in life. We are very much confident that our students will make a significant impact in their future organizations. The T&P team comprises of Training and Placement officer, Training Incharge, Department coordinators, Assistant staff, technical support staff and students representatives. The team of student representatives from all branches aims at making students involve in the planning and execution of T&P activities along with the T&P department coordinator. This makes them a part of the process and helps in inducing responsibility and confidence. Placement Cell Facilities The institute has a separate full-fledge Training & Placement department well equipped with ample manpower and infrastructure with the following facilities in order to assist companies in training and recruitment process. An auditorium Conference hall and Personal Interview rooms Well equipped Seminar halls Facility to conduct manual and Online Test. Wireless internet connectivity The Placement & Training Cell handles training and placement activities of the Engineering Management students of the institute. It provides a launch pad for students to make it to the best organization and functions with the primary aim of placing students in good companies even before they have completed their courses. The Training & Placement cell goes all out to train the students to meet the industry expectations. The T&P team is involved in

various activities with an aim to achieve maximum placement, some of the key activities are as: Prepare well planned information brochures & Multimedia presentation to showcase our institute and highlight our achievements. Identify, collaborate & invite the prospective companies/organizations for the campus recruitment. Establish a set-up for smooth & efficient conduction of Training & Placement activities including setting up a placement office, training centre, seminar rooms etc. Guiding the students regarding their career, placement and about pursuing higher education. Training the students on various interview techniques, group discussions & aptitude tests. Conducting Mock test, GD’s, and session on personality & career development for students to perform better in the campus recruitment process. Organizing guest lectures, Seminars and ensure active interaction with various organization and industries. Facilitating and inviting professional trainers to enhance the soft skills and analytical skills of the students. Arrange industrial visits for students to understand real life practices, concepts and processes. Maintaining the up to date database of students and employers/industry. T&P Cell Name : Dr. Sagar Arun More Designation : Training and Placement Officer Phone : 02562 272713, 272976, Ext-324, Mobile : 8275104251,8390024009 Email : tnpssvpscoe@gmail.com, tpo@ssvpsengg.ac.in ×

Chairman's Message

Chairman's Message Chairman's Message Home Chairman's Message About Us Chairman's Message Hon. Dadasaheb Subhash S. Deore Chairman Dear Students To study is not just getting qualified but also be rooted in firm principles and nurtured on right values. We at our Institute excel in helping you to develop these skills, with the emerging need of comprehensive professional education sector all across the globe. SSVPS has also started Post Graduate Management Program (MBA) in the year 2007 along with Engineering. The Institutes laboratories are well equipped with latest state of art instruments, machineries and equipment’s. The library is rich in books, magazines, periodicals and online journals. Our faculty is qualified, professional and backed up potential on the floor experience. This helps you to reach your highest goal in career and life. Our aim is to provide practical and knowledge based education which will take you to top in today’s highly competitive and developing world. Our efforts will definitely transform you into WIN-WIN Entrepreneurs, Managers, Technocrats and complete human being. I welcome you to avail this opportunity at SSVPS Campus to Shine & Prosper. ×

Department of First Year Engineering

Department of First Year Engineering Department of First Year Engineering Home Department of First Year Engineering First Year Engineering Department of First Year Engineering Started - Intake - DTE Choice Code - Dr. Abhijeet Ramdas More Head of Department The budding engineers initiate their endeavor of engineering with the FIRST YEAR ENGINEERING department, so it has a huge responsibility of molding them into a better, responsible person through best possible learning facilities, well experienced faculty to inculcate all kinds of concepts, modern laboratories to satisfy the curiosity of scientific minds, latest hardware & software tools, ICT enabled classrooms and conducive environment as it is said that “’Well begun is half done!!” We, at First year engineering department are keen to provide all the necessary academic knowledge as per the DBATU structure. It has a mixed version of all applied sciences like Mathematics, Physics, Chemistry and fundamental subjects of major engineering disciplines such as Basic Mechanical Engineering, Civil Engineering, Electrical and Electronics Engineering, Engineering Graphics, Engineering Mechanics, Fundamental Programming Language. To impart each and every detailed knowledge, the institute has taken care to recruit 07 PhD holders and faculty members with Masters to nurture the inquisitive minds. The up to date Language Laboratory assists students in improving their linguistic skills. Activities like individual and group presentations, situational conversations and software based assistance to enhance soft skills. Special care is taken for first year students by providing faculty mentors to help them to adapt to engineering subjects. In first weeks after the admission the students are introduced to the industry by field visits, tour of the campus and expert lectures of eminent personalities from academia, industry & social background are arranged. With the responsibility of pinned faith of parents we provide regular updates to the parents’ regarding development of each student. Not only that but remedial classes of the suggested subjects are also conducted to help the students to prepare for supplementary exams in case required. Vision : A Premier Institute as a dynamic entity contributing in Human Resource Development Mission : To develop technocrats with awareness of Socio-economic needs for sustainable growth. Objectives : Develop an ability to apply knowledge of mathematics, science and engineering. Develop an ability to communicate effectively and work efficiently in group. Understand emerging trends in technologies and to work on modern techniques. Overall personality development of

the students. ×

Department of Management Studies

Department of Management Studies Department of Management Studies Home Department of Management Studies Management Studies Department of Management Studies Started - Intake 60 DTE Choice Code 510310110 Dr. Yogesh Arvind Patil Head of Department To develop responsible professional managers at home and globally, we equip students with necessary practical, research, analytical skills and techniques of doing business necessary for professional career. For the overall Development, of the Managers, we organize Programs of Personality Development, Managerial Skills Development, Professional English, Soft Skills Development, Seminars, Group Discussions, Role Plays and Business Games etc. Guest Lectures of eminent personalities from Industries, Business and Society are organized on every weekend. The department offers specialization in following areas of Management: Marketing Management Human Resource Management Financial Management Students are required to work in any organization for minimum 50 days after the second semester. This is designed to integrate classroom instructions, career goals and work related experience. A satisfactory completion of this internship training in their selected area of specialization is a prerequisite for a student appearing in the final examination. The Institute assists the students in securing suitable projects in various Corporations and Businesses. Vision : A Premier Institute as a dynamic entity contributing in Human Resource Development Mission : To develop technocrats with awareness of Socio-economic needs for sustainable growth. Objectives To create awareness amongst MBA aspirants & to fulfill 100 % admissions. To increase involvement of students in various management activities for their qualitative up gradation. To improve the image of our Institute by increasing the social interactions of Students & Faculty Members with society through participation in various social activities. To provide 100 % placement assistance to students by establishing links with online job portals & with various companies (like- Jain Irrigation, JK Papers, Suzlon, Wipro etc.) To improve the development of faculty members in research based activities.(Ph.D., Research paper publications etc.) ×

Activities

Activities Activities Home Activities Sula Wines Industrial Visit The industrial visit to Sula Vineyards, located in Nashik, was organized by “SSVPS Bapusaheb Shivajirao Deore College of Engineering” to provide the MBA students with practical exposure to the winemaking process. The visit aimed to enhance the understanding of the production, management, and marketing aspects of the wine industry. Upon arrival, the students were warmly greeted by the Sula Vineyards team.They were given a brief overview of the vineyard's history, achievements, and its contribution to the Indian wine industry. The tour started with a visit to the vineyards, where students witnessed the vast expanse of grape plantations. The guide explained the different varieties of grapes grown at Sula Vineyards. The students were enlightened about the significance of factors like soil quality, weather conditions, and the vineyard's geographical location in determining the quality of the grapes. Next, the students were taken to witness the grape harvesting process. They observed the skilled labourers selectively picking the ripest grapes while ensuring proper hygiene and handling. The guide explained the importance of timing and the factors considered when deciding the optimal harvesting period. Students also learned about the machinery used for mechanized harvesting, which increased efficiency and minimized damage to the grapes. The tour proceeded to the grape processing section, where the students observed the grapes being sorted, and crushed. They were shown the various stages of processing, including maceration, fermentation, and clarification. The guide elaborated on the role of yeast and temperature control in fermentation, as well as the use of barrels for aging and flavour enhancement. One of the highlights of the visit was the wine tasting session, where the students were introduced to a variety of Sula Vineyards' wines. They were taught the art of wine appreciation, including observing the colour, aroma, and taste profiles of different wines. The students gained valuable insights into the factors that contribute to the unique characteristics of each wine. The visit concluded with a presentation on the marketing and sales strategies employed by Sula Vineyards. The students learned about brand positioning, distribution channels, and the challenges faced by the wine industry in India. They were also provided with an overview of Sula Vineyards' export activities and its presence in international markets. The industrial visit to Sula Vineyards proved to be an enriching experience for the MBA students from “SSVPS Bapusaheb Shivajirao Deore College of Engineering”. They gained practical knowledge

about the winemaking process, from grape cultivation to the marketing and sales aspects of the industry. This exposure will undoubtedly contribute to their academic and professional growth, enabling them to better understand the intricacies of the wine business. We express our heartfelt gratitude to Sula Vineyards for their warm hospitality and valuable insights. This visit has strengthened the bond between academia and industry, fostering a deeper understanding of the wine industry among our students. ×

Activities

Activities Activities Home Activities Swimming Nov' 25 We are delighted to announce that in the recent Swimming competetion organized by N K Orchid College of Engineering & Technology, Solapur, two of our students participated and one student from Department of Civil Engineering won the Gold Medal in the nens 50 mt. free-style and brest stroke. Further our student Mr. Pranav Sayaji Bhamre (SY B-Tech.) secured a position to perform at the national inter-university level sports meet scheduled to be held soon at Chennai. We whole-heartedly congratualate Pranav over his achievement on behalf of the college and Department of Civil Engineering and wish him all the very best for all his future performances. We also take this opportunity to once again commend the good work and able guidance of our Coach and Sports in charge, Prof. Manoj Chaudhari for his un-quivering efforts towards keeping the students physically fit and motivated to participate and win in such events. ×

Sports

Sports Sports Home Sports Sports Sports Besides giving importance in imparting technical knowledge to the students, the college encourages co-curricular activities in the fields of sports and culture. The students have facilities to play Football, Hockey, Volleyball, Khokho, Basket ball etc. on the playground provided in the campus. There is an indoor hall with provisions for "Health Club" which is fulfilled with well and advanced multi Gym equipments, and also for playing Table Tennis, Chess, Carom and yoga. The objective of the Gymkhana is to develop sporting activities among the students and enhance their fitness level to be healthy for day to day activity in life & also encourage the students to take part in sports activities at University/State/National levels. Sports Facilities : Multi-Gym Health Club Cricket, Football, Volleyball & Hockey Fields 400 m Athletic track with 8 lanes Basket Ball ground Indoor hall with 2 Badminton courts 2 Table Tennis & multiple Chess and Carrom boards ×

Activities

Activities Activities Home Activities Volleyball Nov' 2025 We are delighted to announce that in the recently held inter-university sports competition our female and male student contingent participated in the Volleyball matches and performed with high spirits and merit. The inter-university games were conducted under the Dr. Babsaheb Ambedkar Technical University, Lonar academic regime and the event was held at Godavari College of Engineering, Jalgaon. The event was attended by 12 teams that hailed from different regions and universities of the state. The performance of our college was outstanding. In preparation for the event, proper sports kit were issued by our Hon'ble Chairman Sir and other Head council dignitaries to all the participants at our college level. We whole-heartedly congratulate the participants and take deep pride in complimenting the entire sports contingent from our college for their achievements and wish them all the very best for their future performances. We also commend the good work and able guidance of our Coach and Sports in charge, Prof. Manoj Chaudhari for his un-quivering efforts towards keeping the students physically fit and motivated to participate and win in such events. ×

Central Library

Central Library Central Library Home Central Library Facilities Central Library The Central Library is user-focused, innovative, and excellence driven. The library has always benefited from the institutes’ culture, is pioneer in adopting new technology. ï»¿The Central Library of the college has kept pace with emerging challenges. It is entrusted with the task of procuring, organizing and displaying the various sources of knowledge in different media and also disseminating them to the users. Library is considered to be a "Delivery Room for the Birth of Ideas". Without a good library, no education system is complete and perfect. The state of the art library stretches over 941 square meters; including a spacious reading room that remains open round the clock. It has the capacity to accommodate 250 students at a time. The library has in its collection more than 54052 volumes with 16415 in printed form & 239 e-books 18727 titles on Engineering, Management and Humanities and subscribes to more than one Lakh open Source journals and 9 international & 68 national print media journals. The Central library is an open access library. It is enabled with Wi-Fi technology and security systems with Closed Circuit Television System (CCTV). Library provides lending service to both the faculty and students. The student members of the library can borrow maximum 3 books for a period of 15 days. Book Bank membership is granted to SC/ST student free of cost and they can issue 5 books for a semester under this scheme. The Library System consists of a Central Library and 6 departmental libraries which collectively support the teaching and research programmes of the Institute. Central Library manages knowledge, both in print and digital formats, ensures seamless discovery and access to these scholarly resources, and provides faculty, students, and staff with professional support to find, evaluate, manage, and use such resources. It provides high-quality ambiance for both reflective and collaborative work and study. The Library, besides having a huge collection of books on engineering, science and humanities offers library services through its various Divisions and is used by more than 1700 members and others. All students, faculty members and employees of the Institute are entitled to make use of the Library facilities on taking library membership. Library has developed an excellent collection of books, journals and non-book material in science, engineering, technology, humanities, social sciences and management. Collection building – a core activity of the library, has been undergoing a transformation. From print-only environment where all our acquisitions were in hard

copy format, it has shifted to print-and-online and to online-only formats. Initially setup in 1983, the Central Library moved to its new building in May, 2005 having an area of 758 square feet. Library Incharge : Prof. S. N. Jain Library Working Hours : Monday to Friday 10:30 – 17:30 hrs Monday to Sunday 07:30 – 23:00 hrs (During Examination) Saturday 09:00 – 13:00 hrs Status of Books Branch Titles Books Cost(Rs.) The bank has two collections namely (I) Special Collection (BC) for SC/ST Students (ii) Technological Lending Library. The Library uses library management software package which is an integrated multi-user library management system that supports all in-house operations of the Library. The software consists of modules on acquisition, cataloguing, circulation, serials, article indexing etc. The database of books available in the Library is being updated on day to day basis with details of recently acquired books. The editing and updating activities are in progress. The library collection comprising of books, journals, thesis, reports, standards, magazines and other reading material stands as follows: Volume & Thesis Sr. Branch Volume UG Project Report PG Project Thesis CDs/DVDs 1 Civil 8729 163 131 182 2 Electronics 14068 488 008 189 3 E & TC 4549 211 107 4 Mechnaical 8224 80 08 102 5 Computer 9574 285 381 6 MBA 2524 7 B.I.S. Department of Mechanical Engineering

Department of Mechanical Engineering Department of Mechanical Engineering Home Department of Mechanical Engineering Mechanical Engineering Department of Mechanical Engineering Started 1986 Intake 120 DTE Choice Code 510361210 Dr. Sanjeev Damodhar Suryawanshi Head of Department The department is one of the oldest in the institute; since 1986. Department caters the needs and expectations of the student and parents. Department committed for continual improvement striving to achieve excellence in engineering education, industrial research and working with society. Students are always considered to be center for 360 degree growth. Department thrust to provide an education that helps student to gain practical and intellectual experiences which will be helpful to serve society and understand their needs. Department currently offers under graduate program in Mechanical Engineering. Intake to UG is 120 students. Currently department has more than 149 students in the UG program supported by 16 faculty members, 03 technical assistants, 01 office clerk and 01 menial staffs. The focus of the department has been in developing the state-of-art computational and experimental facilities for the teaching and research. Department comprises of about 09 laboratories equipped with sophisticated instruments. Academic course work and projects are designed to endow students with the ability to apply knowledge of science, mathematics, and engineering. Enhance the capability to work effectively in multidisciplinary teams, providing leadership and technical expertise. Understanding the pace of industrialization department offers UG – B.Tech. (Mechanical) 4 years' fulltime program, affiliated to DBATU Lonere, a state level Technological University. Research culture is the strength of the department. This resulted in to more than 13 patents and more than 175 plus publications. A Department has PhD programme affiliated to KBCNMU, Jalgaon. Department is organizing National Level Technical Event Competitions (IMPULSE) from last 12 years. Also department has organized ARTH event from 2023. From 2025 department has started new event 'NIRMITEE' for professionals and scholars. Department has one Energy Auditors, also has three research guides affiliated with North Maharashtra University, Jalgaon. SSVPSs B.S.Deore College of Engineering Dhule Institute Mission : To develop technocrats with awareness of Socio-economic needs for sustainable growth. Institute Vision : A Premier Institute as a dynamic entity contributing in Human Resource Development. Department of Mechanical Engineering Department Vision : "Facilitator for excellence in

Mechanical Engineering.” Department Mission : “To Develop Holistic Mechanical Engineers with Social Awareness by Imparting Knowledge, Skills and alues for Sustainable Development.” M1 : To Develop Proficient Mechanical Engineers. M2 : To Develop Mechanical Engineers with Social Awareness. M3 : To Impart Knowledge, Skills and Values for Sustainable Development. Programme Specific Objectives of Mechanical Engineering Department: PSO-01 : Identifying the appropriate principles with materials science, design, analyze, manufacture, and maintain mechanical systems. PSO-02 : Adopt a multidisciplinary approach to solve real world industrial problems for sustainable development. PSO-03 : Gain knowledge in areas of design, manufacturing, thermal, energy, and automobile and apply that to a successful career, entrepreneurship and higher education ×
